French Study Abroad in Québec City

Program Description
The Department of Foreign Languages at MSU will offer a French language program in Québec City. Students will have the unique opportunity to work toward fluency in French while gaining experience in an international setting as well as being exposed to Francophone culture. This program, centered within the historic walls of the old city of Quebec in French Canada, is specifically designed for non-native French speakers. Students will be immersed in the French language as well as Francophone culture in a classroom setting. Class lessons are immediately followed by excursions that both reinforce and broaden what was learned in class. Students will also have the invaluable experience of interacting with native French-speakers and the rich québécois culture during their stay.
