Program Description
This course offers students a unique experience to study in France with other MSU students. Students will interact with French students, learn how to evaluate alternative engineering proposals, and have the opportunity to tour facilities of French engineering companies (including Airbus). The program will be mostly hosted in Albi and Toulouse (Southern France), with side trips to Courdes sur Ciel, Carcassonne, Roquefort Caves, Viaduc de Millau, etc. At the end of the program students will spend nine days exploring Paris and London (UK).

For more information contact Program Director
Galyna Melnychuk, gm2@bagley.msstate.edu

Requirements
Students need to have completed MA 1713: Calculus I in order to participate in this course. The course is open to students of all majors.

Courses
IE 3913: Engineering Economy (3 credit hours)

Application and Deposit Deadline
February 13, 2015: $150 (non-refundable)

Program Dates
May 25, 2015—July 2, 2015

Price: $ 4,599*
February 27, 2015 - Payment #1: $2,224
March 13, 2015 - Payment #2: $2,225

Program cost includes:
• International health insurance
• Round trip airfare from GTR
• Lodging
• In-program travel between cities
• Some excursions

Cost does not include:
• MSU tuition and fees (out-of-state students pay in-state tuition)
• In city transportation throughout the program
• Most meals
