**Tropical Veterinary Medicine and One Health**

**Program Description**
This course focuses on the study of tropical veterinary medicine (TVM) in Uganda including; International Animal Production, Animal Health, Disease Surveillance, Public Health Systems and Food Safety. Students will have the opportunity to be exposed to TVM in a country, Uganda, with mostly rural veterinary practices (RVP). These RVPs are similar in several ways to RVP in many states in the US, including Mississippi. Students participating in this program will also learn about One Health perspectives of the TVM while being immersed in another culture.

*For more information contact Program Directors*
Margaret L. Khaitsa, mkhaitsa@cvm.msstate.edu
Skip Jack, jack@cvm.msstate.edu
